The Routledge Handbook of Heterodox Economics

Theorizing, Analyzing, and Transforming Capitalism

Edited by Tae-Hee Jo, SUNY Buffalo State, Lynne Chester, University of Sydney, Australia and Carlo D'Ippoliti, University of Rome La Sapienza, Italy

Series: Routledge International Handbooks

The Routledge Handbook of Heterodox Economics presents a comprehensive overview of the latest work on economic theory and policy from a ‘pluralistic’ heterodox perspective. Contributions throughout the Handbook explore different theoretical perspectives including: Marxian-radical political economics; Post Keynesian-Sraffian economics; institutionalist-evolutionary economics; feminist economics; social economics; Régulation theory; the Social Structure of Accumulation approach; and ecological economics. They explain the structural properties and dynamics of capitalism, as well as propose economic and social policies for the benefit of the majority of the population.
